

Thank you for participating in our annual Baby Bottle Campaign!

This box contains a new style of baby bottles designed specifically for Pregnancy

- 1 Your bottles may be wrapped in their own sleeves. As you set up your display/distribution area we ask that you only unwrap bottles you are confident will be used, replenishing as needed. **Please do not unwrap**
- 2 **Please DO NOT throw away the box(es) containing your baby bottles. We re-use them each year.**
- 3 **Remind participants of the return date(s) for their bottle(s).**

- 4 **Please DO NOT put labels, stickers or use permanent marker on the bottles as this makes them unusable for future baby bottle campaigns.**
Please see example to the left.
- 5 **At the end of the Baby Bottle Campaign please Return ALL Baby Bottles both USED and UNUSED. UNUSED baby bottles should be in their original plastic sleeves.**
 You do not need to re-wrap used baby bottles.
